LINE 510 - SERVICE QUALITY STANDARDS AND CONSUMER PROTECTION RULES COMPLIANCE

Muenster Telephone Corporation of Texas d/b/a Nortex Communications (“the Company”) complies with applicable service quality standards and consumer protection rules for its voice and broadband services.

The rates, terms, and conditions under which the Company operates are outlined in its local exchange tariff, which is approved by the Public Utility Commission of Texas (“Texas PUC”). The tariff contains provisions regarding the Company’s customer service and protection practices.

Service quality standards for voice service are established by the Texas PUC. The Company consistently meets or exceeds those standards and provides reports to the Texas PUC, in accordance with the Texas PUC’s rules.

With regard to broadband service, the Company provisions its network and equipment to ensure that its customers can enjoy the speeds to which they subscribe. However, Internet speeds generally result from a “best effort” service and are dependent upon a number of variables, many of which are outside the control of the Company. The Company also complies with the FCC’s Open Internet rules, 47 C.F.R. §§8.3-8.11. These rules prohibit blocking, throttling, and paid prioritization, and also require the Company to publicly disclose information regarding its network management practices, performance, and the commercial terms of its broadband services.

The Company complies with any and all consumer protection obligations under state law.

The Company also complies with the following consumer best practices: (1) the Company discloses its rates and terms of service to customers; (2) the Company provides specific disclosures in its advertising; (3) the Company separately identifies carrier charges from taxes on its billing statements; (4) the Company provides ready access to customer service; (5) the Company promptly responds to consumer inquiries and complaints received from government agencies; and (6) the Company abides by policies for protection of consumer privacy.

Finally, the Company has a policy and established operating procedures that comply with the FCC’s Customer Proprietary Network Information (CPNI) rules (47 C.F.R. §§64.2001-64.2011).

LINE 610 - ABILITY TO FUNCTION IN EMERGENCY SITUATIONS

Muenster Telephone Corporation of Texas d/b/a Nortex Communications (“the Company”) is able to function in emergency situations for both voice and broadband service. The Company has a reasonable amount of back-up power to ensure functionality without an external power source. Permanently installed standby power generators are supplied at the two primary central offices, and remote switch sites have a minimum of eight hours of backup battery capability and are equipped for portable emergency generators. The Company has four portable emergency generators it can utilize throughout its network to maintain power at remote sites. The network is capable of managing traffic spikes resulting from emergency situations.

The Company is able to reroute traffic around damaged facilities. Although the Company’s ability to reroute traffic around damaged facilities is not absolute and may be limited in certain circumstances, there is a restoration plan in place for expeditious recovery of service, including splicing of damaged facilities when warranted. The Company has a portable splicing trailer fully equipped for fast response to cut facilities and has a portable Broadband Loop Carrier available to respond to damaged remote switching sites.

LINE 1010 – VOICE SERVICES RATE COMPARABILITY

The Wireline Competition Bureau's 2017 reasonable comparability benchmark for voice services is \$49.51, which includes the federal subscriber line charge ("SLC").¹

In all of the exchanges served by Muenster Telephone Corporation of Texas d/b/a Nortex Communications ("the Company"), as of January 1, 2017, the single-line residential local rate, including any mandatory extended area service charge, was \$18.00. When the federal SLC (\$6.50) is included, the total rate was \$24.50. Therefore, the Company's pricing of fixed voice services is less than the reasonable comparability benchmark of \$49.51.

¹ *Wireline Competition Bureau Announces Results of 2017 Urban Rate Survey for Fixed Voice and Broadband Services, Posting of Survey Data and Explanatory Notes, and Required Minimum Usage Allowance for ETCs Subject to Broadband Public Interest Obligations*, Public Notice, WC Docket No. 10-90, 32 FCC Rcd 1358 (2017).

LINE 1030 – BROADBAND SERVICES RATE COMPARABILITY

As of January 1, 2017, Muenster Telephone Corporation of Texas d/b/a Nortex Communications was charging a residential rate of \$60.00 for broadband providing 15 Mbps download, 1.5 Mbps upload, and an unlimited usage allowance. This rate is lower than \$83.50, which is the 2017 reasonable comparability benchmark for the same offering established by the Wireline Competition Bureau.¹

¹ Wireline Competition Bureau Announces Results of 2017 Urban Rate Survey for Fixed Voice and Broadband Services, *Posting of Survey Data and Explanatory Notes, and Required Minimum Usage Allowance for ETCs Subject to Broadband Public Interest Obligations*, Public Notice, WC Docket No. 10-90, 32 FCC Rcd 1358 (2017). See also, <https://www.fcc.gov/general/reasonable-comparability-benchmark-calculator>.

LINE 1210 – TERMS & CONDITIONS OF VOICE TELEPHONY LIFELINE PLANS

Residential customers of Muenster Telephone Corporation of Texas d/b/a Nortex Communications (“the Company”) who qualify for the Lifeline Program receive a discount of \$12.75 on local voice telephony service (\$9.25 federal discount + \$3.50 state discount).

For all of the Company’s exchanges, the Lifeline single-line residential local rate, including any mandatory extended area service charge and the federal subscriber line charge (“SLC”), is \$11.75 (\$24.50 standard rate - \$12.75 discount).

All single-line residential customers, including Lifeline customers, have an unlimited number of minutes for local calls made within the Dallas and Wichita Falls LATAs.

Toll charges for calls outside of the local calling area are determined by the long distance carrier of the customer’s choosing. Customers may also elect to subscribe to toll blocking at no charge.

Lifeline Program reductions do not apply to additional services such as custom calling features. Lifeline customers may subscribe to these services, where available, at the same rates offered to other customers.

Lifeline customers may also subscribe to the following service bundle that includes residential local voice service and will receive a discount of \$12.75 from the regular price of the bundle:

	<u>Tariff Price</u>	<u>Lifeline Discounted Price</u>
Nortex Simple Package	\$30.00	\$17.25
